

TOWN HALL MEETING

Amendment to the Official Community Plan and Rezoning Application

**Proposed Relocation of the City Operations Centre
and Re-Development of the Current City
Operations Centre and the creation of a new Park**

Site A – 720 West 2nd Street

The City of North Vancouver has applied to amend the Official Community Plan and rezone the existing City Operations Centre to provide for a mid-rise, multi-family residential development containing approximately 375 dwelling units, consistent with the Marine Drive Planning Study.

Site B – 61 Bewicke Avenue

Darwin Properties Ltd. has applied to the City of North Vancouver to rezone this site to provide for a new City Operations Centre.

Along with the new development there will be significant enhancement to the pedestrian and natural environment including the creation of public parkland and the greenways flanking Mosquito Creek.

Interested members of the public are invited to attend the Town Hall Meeting and make comments on the proposal. This meeting enables early public input prior to bylaw preparation and a Public Hearing.
