Planning Department  
Attention Mr. Huy Dang

Regarding November 23, 2022 DIS for 2212 St George's Avenue

The Development Information Session (DIS) was notified to the public by a sign posted on site, two consecutive notices in the North Shore News newspaper and to all of the nearby addresses specified by City Staff with a mail drop. The text of all notifications were approved by Staff and delivery was given within the required notification timing. I hosted a virtual DIS on Zoom on November 23, 2022 from 6:00 to 8:00 PM.

There were three people who attended the DIS, the owner, myself and a representative of the City Planning Department.

I received no notification of interest from the public. There was no contact due to either the mail drop, newspaper notifications, nor contact by virtue of the posted sign.

I initiated the meeting five minutes before six and after waiting with no response for fifteen minutes Staff directed me to end the DIS. The following morning, I found no emails or phone messages requesting admittance to the virtual DIS.

Staff requested that I wait another two weeks for any late respondents with interest in the project to respond. None have communicated interest.

Thank you for your consideration,

Bill Curtis
